

# CONVENTION ON TEMPORARY ADMISSION

## PREAMBLE

**THE CONTRACTING PARTIES** to this Convention, established under the auspices of the Customs Co-operation Council,

**NOTING** that the present situation regarding the proliferation and dispersed nature of international Customs Conventions on temporary admission is unsatisfactory,

**CONSIDERING** that the situation could worsen in the future when new categories of temporary admission need to be regulated internationally,

**HAVING REGARD** to the wishes of trade representatives and other interested parties, to the effect that the accomplishment of temporary admission formalities be facilitated,

**CONSIDERING** that the simplification and harmonization of Customs procedures and, in particular, the adoption of a single international instrument combining all existing Conventions on temporary admission can facilitate access to international provisions governing temporary admission and effectively contribute to the development of international trade and of other international exchanges,

**CONVINCED** that an international instrument proposing uniform provisions in respect of temporary admission can bring substantial benefits for international exchanges and ensure a high degree of simplification and harmonization of Customs procedures, which is one of the essential aims of the Customs Co-operation Council,

**RESOLVED** to facilitate temporary admission by simplifying and harmonizing procedures, in pursuit of economic, humanitarian, cultural, social or touring objectives,

**CONSIDERING** that the adoption of standardized model temporary admission papers as international Custom documents with international security contributes to facilitating the temporary admission procedure where a Customs document and security are required,

**HAVE AGREED** as follows:

2. Where (under paragraph 1 above) security is required, persons who regularly use the temporary admission procedure may be authorized to provide general security.
3. Unless otherwise provided for in an Annex, the amount of security shall not exceed the amount of the import duties and taxes from which the goods (including means of transport) are conditionally relieved.

4. For goods (including means of transport) subject to import prohibitions or restrictions under national legislation, an additional security may be required under the provisions laid down in national legislation.

*Temporary admission papers*

Article 5

Without prejudice to temporary admission operations under the provisions of Annex E, each Contracting Party shall accept, in lieu of its national Customs documents and as due security for the sums referred to in Article 8 of Annex A, temporary admission papers valid for its territory and issued and used in accordance with the conditions laid down in that Annex for goods (including means of transport) temporarily imported under the other Annexes to this Convention which it has accepted.

*Identification*

Article 6

Each Contracting Party may make the temporary admission of goods (including means of transport) subject to the condition that they be identifiable when temporary admission is terminated.

*Period for re-exportation*

Article 7

1. Goods (including means of transport) granted temporary admission shall be re-exported within a given period considered sufficient to achieve the object of temporary admission. Such a period is laid down separately in each Annex.
2. The Customs authorities may either grant a longer period than that provided for in each Annex, or extend the initial period.
3. When the goods (including means of transport) granted temporary admission cannot be re-exported as a result of a seizure other than a seizure made at the suit of private persons, the requirement of re-exportation shall be suspended for the duration of the seizure.

*Transfer of temporary admission*

Article 8

Each Contracting Party may, on request, authorize the transfer of the benefit of the temporary admission procedure to any other person, provided that such other person:

- (a) satisfies the conditions laid down in this Convention; and

#### Article 11

Temporarily admitted goods (including means of transport) may be re-exported through a Customs office other than that through which they were imported.

### *Other possible cases of termination*

#### Article 12

Temporary admission may be terminated with the agreement of the competent authorities, by placing the goods (including means of transport) in a free port or free zone, in a Customs warehouse or under a Customs transit procedure with a view to their subsequent exportation or other authorized disposal.

#### Article 13

Temporary admission may be terminated by clearance for home use, when circumstances justify and national legislation so permits, subject to compliance with the conditions and formalities applicable in such case.

#### Article 14

1. Temporary admission may be terminated where goods (including means of transport) have been seriously damaged by accident or *force majeure* and are, as the Customs authorities may decide:

- (a) subjected to the import duties and taxes to which they are liable at the time when they are presented to the Customs in their damaged condition for the purpose of terminating temporary admission;
- (b) abandoned, free of all expense, to the competent authorities of the territory of temporary admission, in which case the person benefiting from temporary admission shall be free of payment of import duties and taxes; or
- (c) destroyed, under official supervision, at the expense of the parties concerned any parts or materials salvaged being subjected, if cleared for home use, to the import duties and taxes to which they are liable at the time

when, and in the condition in which they are presented to the Customs after accident or *force majeure*.

2. Temporary admission may also be terminated where, at the request of the person concerned, the goods (including means of transport) are disposed of in one of the ways provided for in paragraph 1(b) or (c) above, as the Customs authorities may decide.

3. Temporary admission may also be terminated at the request of the person concerned where that person satisfies the Customs authorities of the destruction or total loss of the goods (including means of transport) by accident or *force majeure*. In that case, the person benefiting from temporary admission shall be free of payment of import duties and taxes.

The guaranteeing association's liability for these sums shall cease if such information is not furnished within this one year period.

under the conditions laid down in this Annex or of any other proper discharge of the ATA carnet.

(b) If such proof is not furnished within the time allowed the guaranteeing association shall forthwith deposit, or pay provisionally, such sums. This deposit or payment shall become final after a period of three months from the date of the deposit or payment. During the latter period, the guaranteeing association may still furnish the proof referred to in subparagraph (a) of this paragraph with a view to recovery of the sums deposited or paid.

(c) For Contracting Parties whose laws and regulations do not provide for the deposit or provisional payment of import duties and taxes, payments made in conformity with the provisions of subparagraph (b) of this paragraph shall be regarded as final, but the sums paid shall be refunded if the proof referred to in sub-paragraph (a) of this paragraph is furnished within three months of the date of the payment.

## 2. CPD carnet

(a) the guaranteeing association shall have a period of one year from the date of notification of the non-discharge of CPD carnets in which to furnish proof of re-exportation under the conditions laid down in this Annex or of any other proper discharge of the CPD carnet. Nevertheless, this period can come into force only as of the date of expiry of the CPD carnet. If the Customs authorities contest the validity of the proof provided they must so inform the guaranteeing association with a period not exceeding one year.

(b) If such proof is not furnished within the time allowed the guaranteeing association shall deposit, or pay provisionally, within a maximum period of three months the import duties and taxes payable. This deposit or payment shall become final after a period of one year from the date of the deposit or payment. During the latter period, the guaranteeing association may still furnish the proof referred to in subparagraph (a) of this paragraph with a view to recovery of the sums deposited or paid.

(c) For Contracting Parties whose laws and regulations do not provide for the deposit or provisional payment of import duties and taxes, payments made in conformity with the provisions of subparagraph (b) of this paragraph shall be regarded as final, but the sums paid shall be refunded if the proof referred to

in subparagraph (a) of this paragraph is furnished within a year of the date of the payment.

#### Article 10

1. Evidence of re-exportation of goods (including means of transport) imported under cover of temporary admission papers shall be provided by the re-exportation counterfoil completed and stamped by the Customs authorities of the territory of temporary admission.

2. If the re-exportation has not been certified in accordance with paragraph 1 of this Article, the Customs authorities of the territory of temporary admission may, even if the period of validity of the papers has already expired, accept as evidence of re-exportation:

(a) the particulars entered by the Customs authorities of another Contracting Party in the temporary admission papers on importation or reimportation or a certificate issued by those authorities based on the particulars entered on a voucher which has been detached from the papers on importation or on reimportation into their territory, provided that the particulars relate to an importation or reimportation which can be proved to have taken place after the re-exportation which it is intended to establish;

(b) any other documentary proof that the goods (including means of transport) are outside that territory.

3. In any case in which the Customs authorities of a Contracting Party waive the requirement of re-exportation of certain goods (including means of transport) admitted into their territory under cover of temporary admission papers, the guaranteeing association shall be discharged from its obligations only when those authorities have certified in the papers that the position regarding those goods (including means of transport) has been regularized.

#### Article 11

In the cases referred to in Article 10, paragraph 2 of this Annex, the Customs authorities shall have the right to charge a regularization fee.

### CHAPTER VI

#### Miscellaneous provisions

#### Article 12

Customs endorsements on temporary admission papers used under the conditions laid down in this Annex shall not be subject to the payment of

charges for Customs attendance at Customs offices during the normal hours of business.

#### Article 13

In the case of the destruction, loss or theft of temporary admission papers while the goods (including means of transport) to which they refer are in the territory of one of the Contracting Parties, the Customs authorities of that Contracting Party shall, at the request of the issuing association and subject to such conditions as those authorities may prescribe, accept replacement papers, the validity of which expires on the same date as that of the papers which they replace.

#### Article 14

1. Where it is expected that the temporary admission operation will exceed the period of validity of the temporary admission papers because of the inability of the holder to re-export the goods (including means of transport) within that period, the association which issued the papers may issue replacement papers. Such papers shall be submitted to the Customs authorities of the Contracting Parties concerned for control. When accepting the replacement papers, the Customs authorities concerned shall discharge the papers replaced.
2. The validity of CPD carnets can only be extended once for not more than one year. After this period, a new carnet must be issued in replacement of the former carnet and accepted by the Customs authorities.

#### Article 15

Where Article 7, paragraph 3, of this Convention applies, the Customs authorities shall, as far as possible, notify the guaranteeing association of seizures made by them or on their behalf of goods (including means of transport) admitted under cover of temporary admission papers guaranteed by that association and shall advise it of the measures they intend to take.

#### Article 16

In the event of fraud, contravention or abuse, the Contracting Parties shall, notwithstanding the provisions of this Annex, be free to take proceedings against persons using temporary admission papers, for the recovery of the import duties and taxes and other sums payable and also for the imposition of

any penalties to which such persons have rendered themselves liable. In such cases the associations shall lend their assistance to the Customs authorities.

#### Article 17

Temporary admission papers or parts thereof which have been issued or are intended to be issued in the territory into which they are imported and which are sent to an issuing association by a guaranteeing association, by an international organization or by the Customs authorities of a Contracting Party, shall be admitted free of import duties and taxes and free of any import prohibitions or restrictions. Corresponding facilities shall be granted at exportation.

#### Article 18

1. Each Contracting Party shall have the right to enter a reservation, in accordance with Article 29 of this Convention, in respect of the acceptance of ATA carnets for postal traffic.
2. No other reservation to this Annex shall be permitted.

#### Article 19

1. Upon its entry into force<sup>[6]</sup> this Annex shall, in accordance with Article 27 of this Convention, terminate and replace the Customs Convention on the ATA carnet for the temporary admission of goods, Brussels 6 December 1961, (ATA Convention)<sup>[7]</sup> in relations between the Contracting Parties which have accepted this Annex and are Contracting Parties to that Convention.
2. Notwithstanding the provisions of paragraph 1 of this Article, ATA carnets which have been issued under the terms of the ATA Convention prior to the entry into force of this Annex, shall be accepted until completion of the operations for which they were issued.

#### NOTES ON THE USE OF THE ATA CARNET

1. All goods covered by the Carnet shall be entered in columns 1 to 6 of the General List. If the space provided for the General List on the reverse of the front covers is insufficient, continuation sheets conforming to the official model shall be used.

2. In order to close the General List, the totals of columns 3 and 5 shall be entered at the end of the list in figures and in writing. If the General List consists of several pages, the number of continuation sheets used shall be stated in figures and in writing at the foot of the list on the reverse of the front cover.

The lists on the vouchers shall be treated in the same way.

3. Each item shall be given an item number which shall be entered in column 1.

Goods comprising several separate parts (including spare parts and accessories) may be given a single item number. If so, the nature, the value and, if necessary, the weight of each separate part shall be entered in column 2 and only the total weight and value should appear in columns 4 and 5.

4. When making out the lists on the vouchers, the same item numbers shall be used as on the General List.

5. To facilitate Customs control, it is recommended that the goods (including separate parts thereof) be clearly marked with the corresponding item number.

6. Items answering to the same description may be grouped provided that each item so grouped is given a separate item number. If the items grouped are not of the same value, or weight, their respective values, and, if necessary, weights shall be specified in column 2.

7. If the goods are for exhibition, the importer is advised in his own interest to enter in C. of the importation voucher the name and address of the exhibition and of its organiser.

8. The Carnet shall be completed legibly and indelibly.
9. All goods covered by the Carnet should be examined and registered in the country/Custom territory of departure and for this purpose should be presented, together with the Carnet, to the Customs authorities there, except in cases where the Customs regulations of that country/Customs territory do not provide for such examination.
10. If the Carnet has been completed in a language other than that of the country/Customs territory of importation, the Customs authorities may require a translation.
11. Expired Carnets and Carnets which the holder does not intend to use again shall be returned by him to the issuing association.
12. Arabic numerals shall be used throughout.
13. In accordance with ISO Standard 8601, dates must be entered in the following order: year/month/day.
14. When blue Customs transit sheets are used, the holder is required to present the Carnet to the Customs office placing the goods in Customs transit and subsequently, within the time limit prescribed for Customs transit, to the specified Customs "office of destination". Customs must stamp and sign the Customs transit vouchers and counterfoils appropriately at each stage.
